

- By grouping our clients by geographical region we are able to offer a reduced call charge at \$27/owner. Routine work is required to be paid at the time the service is provided.
- Once scheduled, you will be called 24-48hrs prior to your appointment with a timeframe for your visit. Unfortunately, we cannot guarantee timeframes in advance.
- Preventative Health Care Services include: vaccines, coggins, dental care, sheath cleanings, and collection of fecals for parasite control.

If you wish to schedule one visit with vaccines only, feel free to choose from any of the dates listed. **Dentistry, coggins, fecals, sheath cleaning and any other extra work must be performed on the RED dates only.** The dates in blue are for **vaccinations only**. For those getting multiple vaccines & other services, you may choose multiple dates. It is advisable to limit the number of vaccines given at one time to reduce reactions.

\*When scheduling the appointments, please remember to provide a current list of boarders at your facility. For larger stables

(\*stables that have multiple horses and owners in their care\*), it is easier for the stable owner/manager to make an appointment for the entire barn to be done on the same day so no one gets missed. Having a sign-up sheet in the barn can make it a more efficient day for everyone involved. Owners, we NEED you to also confirm with the office – no work will be done without prior confirmation.
