

Spring Preventative Health Clinic 2019

- The Equine Clinic at OakenCroft will offer preventative health services to smaller stables and individual horse owners' by geographical region (see chart below).
- By grouping our clients by geographical region we are able to offer a reduced call charge at **\$20/owner**. Routine work is required to be paid at the time the service is provided.
- Once scheduled, you will be called 24-48hrs prior to your appointment with a timeframe for your visit. Unfortunately, we cannot guarantee times in advance.
- Preventative Health Care Services include: vaccines, Coggins, dental care, sheath cleanings, and collection of fecals for parasite control.
- Initial vaccines, Coggins, and dentistry will be performed on the early clinic dates. The later dates are for vaccinations only.
- If you wish to schedule one visit with vaccines only, feel free to choose from any of the dates listed. For those getting multiple vaccines & other services, you may choose multiple dates. It is advisable to limit the number of vaccines given at one time to reduce adverse reactions.
- We are happy to help you determine which vaccines are appropriate for your horses.
- We offer digital Coggins Tests, which you can also access online. Horses with pictures already on file will not require new ones, but all others should be mud-free so that adequate images can be obtained. Coggins Tests are good for two calendar years in NY. Horses traveling out of state should have one every 12 months. Rabies Vaccine information will appear on your Coggins Test. If you require a separate certificate, please let us know at the appointment so that one may be mailed to you.

County	Towns Included	Early Dates	Doctor	Later Dates	Doctor
Eastern Greene	Hannacroix, Medway, Earlton, Coxsackie, Leeds, Catskill, Climax, Athens, Surprise	3/4, 3/20, 4/5	Dr. Betsy Colarusso	5/21, 5/31	Dr. Betsy Colarusso

We remind clients scheduling during the preventative health clinic, as well as those larger stables that wish to schedule at other times, to provide the office with a current list of boarders when you make an appointment. Most stables find it easier for the management of the stable to make appointments for all their boarders at once, and we recommend that a sign-up sheet be placed in those stables to help owners define their preventative health care requests. No work will be done for boarders unless they confirm with the office.
